

## FLOOD IN NORTH TEXAS.

Very Heavy and Damaged Railroads and Crops.

## FLOOD OUT OF BANKS AT FORT WORTH.

Water in the Bottoms Were Forced to Move Quickly to Reach a Place of Safety.

Fort Worth, Texas, September 21.—The water of the Trinity river at this point was the greatest in years.

A rainfall during the past ten days of 2.1 inches and as a consequence the Clear and West forks are booming and flowing out of its banks.

The West fork river proper has not been here, but is expected during the day.

The Trinity river is over a mile from this place and is still rising.

From 6 this morning till 10:30 a. m. 500 people living in the bottoms were forced to seek higher ground.

Many of the people were barely able to escape and the loss of their property was almost complete.

At the smaller houses are floating in the water.

At 10:30 a. m. the water was only a few feet from the tops of the houses.

At 11:00 a. m. the water was only a few feet from the tops of the houses.

At 11:30 a. m. the water was only a few feet from the tops of the houses.

At 12:00 p. m. the water was only a few feet from the tops of the houses.

At 12:30 p. m. the water was only a few feet from the tops of the houses.

At 1:00 p. m. the water was only a few feet from the tops of the houses.

At 1:30 p. m. the water was only a few feet from the tops of the houses.

At 2:00 p. m. the water was only a few feet from the tops of the houses.

At 2:30 p. m. the water was only a few feet from the tops of the houses.

At 3:00 p. m. the water was only a few feet from the tops of the houses.

At 3:30 p. m. the water was only a few feet from the tops of the houses.

At 4:00 p. m. the water was only a few feet from the tops of the houses.

At 4:30 p. m. the water was only a few feet from the tops of the houses.

At 5:00 p. m. the water was only a few feet from the tops of the houses.

At 5:30 p. m. the water was only a few feet from the tops of the houses.

At 6:00 p. m. the water was only a few feet from the tops of the houses.

At 6:30 p. m. the water was only a few feet from the tops of the houses.

At 7:00 p. m. the water was only a few feet from the tops of the houses.

At 7:30 p. m. the water was only a few feet from the tops of the houses.

At 8:00 p. m. the water was only a few feet from the tops of the houses.

At 8:30 p. m. the water was only a few feet from the tops of the houses.

At 9:00 p. m. the water was only a few feet from the tops of the houses.

At 9:30 p. m. the water was only a few feet from the tops of the houses.

## BISHOP CANTLER ARRIVED.

Loss to the Methodists Will Exceed \$100,000.

Galveston, Texas, September 21.—Bishop W. A. Cantler, D. D., of Atlanta, Ga., one of the bishops of the M. E. church, South, reached Galveston today.

Bishop Cantler presides over the Methodist conferences in Texas this year, and as soon as it was possible for him to do so after learning of the damage, he came to Galveston to look after the interests of the Methodist churches in this city.

Bishop Cantler is confident that the great church he represents will respond promptly and liberally to the restoration of the churches destroyed by the storm.

Tonight he is in consultation with the pastors and officials of the local churches and it is believed that wise and vigorous measures will be adopted.

Reverend E. W. Solomon, O. T. Hotchkiss and Seth Ward of Houston came down from Houston today to consult with Bishop Cantler in regard to the relief of the sufferers of the city and rebuilding their churches.

Rev. O. T. Hotchkiss is presiding elder of the Houston district. He stated this afternoon that thirteen Methodist churches in this district had been completely destroyed and eleven others badly damaged.

The property loss will exceed \$100,000. The loss of life of the Methodist churches in Galveston is as follows: St. John's Methodist church, twenty-one members and a constituency of about 100; St. James' Methodist church, fifteen members; and West End Methodist church, fifteen members.

St. John's church is totally destroyed and was valued at \$40,000.

C. L. Nelson, inquired for through The Post, is safe.

Frederick B. Camara, representing the New Orleans board of trade, has been requested by that body to secure two orphans, one a handsome brunette boy of from 3 to 5 years of age concerning the parentage of whom something is known, and a bright girl from 3 to 4 years of age. Two ladies of New Orleans want the children. Up to date Mr. Camara has been unable to comply with the request.

THE DEVASTATED DISTRICT.

What the Map Being Made by Mr. Youens Shows.

Galveston, Texas, September 21.—A. G. Youens, inspector for the Galveston board of underwriters, is plotting the ruin by the storm on an insurance map. He has finished the district of Twenty-fifth street and finds that in the territory of total destruction east of that street 144 houses were destroyed. He estimates that in the district of total destruction, for the full length of the city, 3000 houses were down.

This does not take into account the houses wholly or partially wrecked in other portions of the city. The diagram shows that from five to seven blocks of the district lying along the Gulf of Mexico and west of Forty-second street was short of buildings. West of Forty-second street the element was sparse and nearly everywhere but a few buildings far back from the Gulf were demolished.

Mr. Youens will continue his inspection until a complete survey of property loss has been made.

Temporary Homes.

Belton, Texas, September 20.—The homes offered to the flood sufferers through your committee having been permanent ones, I wish to ask if temporary homes are not needed for women and children. Houses where they can recover from the shock and be cared for until their own can be rebuilt.

We will give a home to a little boy for a month or more until his family can be re-established in their permanent home.

Will do all I can to secure other temporary homes if needed.

Accept heartiest praise for the work you have done and an earnest wish that your work may continue as successful. Your friend, (Miss) Ada Lasater.

A SIMPLE REMEDY WHICH WILL INTERFERE WITH CATARRH SUFFERERS.

In its earlier stages catarrh is more of a nuisance than a menace to the general health, but sooner or later, the disease extends to the throat, bronchial tubes and even to the stomach and intestines.

Catarrh is essentially a disease of the mucous membrane, the local symptoms being a profuse discharge of mucus, stoppage of the nose, irritation in throat, causing coughing, sneezing, gagging and frequent clearings of the throat and head.

The usual treatment by local douches, snuffs, salves, etc., often gives temporary relief, but anything like a cure can only be obtained by a treatment which removes the catarrhal taint from the blood and the disappearance of the inflammation from the mucous surfaces.

A new remedy which meets these requirements and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membranes only. They can hardly be called a secret patent medicine as they are composed of such valuable remedies as Sanguinaria, Hydrastis, Eucalyptol and similar cleansing antiseptics, which cure by eliminating from the blood and mucous surfaces the catarrhal poison.

Stuart's Catarrh Tablets are large, pleasant tasting lozenges taken internally, allowing them to dissolve slowly in the mouth, in this way they reach the throat, causing coughing, sneezing, gagging and frequent clearings of the throat and head.

If desired, they may also be dissolved in water and used as a douche, in addition to the internal use, but it is not at all necessary to use a douche. A few of them dissolved in the mouth daily will be sufficient. However, there is much stoppage of the nose, a douche made from these tablets will give immediate relief.

These tablets will cure the whole catarrhal trouble without resorting to the inconvenience of a douche.

Dr. Bement states that the internal treatment for catarrh is rapidly taking the place of the old plan of douching, and local application, and further says that probably the best and certainly the safest remedy at present on the market is Stuart's Catarrh Tablets, as no secret is made of their composition and all the really efficient remedies for catarrh are contained in this tablet.

Druggists sell Stuart's Catarrh Tablets at five cents for full sized packages. Ask your druggist and if he is honest he will tell you there is no safer, more palatable, more efficient and convenient remedy on the market.

"We have sent out about 4000 people to free tickets," said he, "and I think about everybody who can't pay fare has gotten out of the city. From now on the railroad business ought to be conducted on the same lines as hitherto."

## FROM THE CAPITAL CITY.

Contracts for State Printing Awarded by the Board.

CAPTAIN M'CORMICK IS NOW IN COMMAND.

Of the First Regiment of Volunteer Guards—Number of Tax Rolls Filed—Notes and Personalities.

Austin, Texas, September 21.—The State printing board this afternoon awarded contracts for state printing: First, second and third class went to Von Beckmann, Schaefer & Co. of Austin.

Ben C. Jones & Co. of Austin got the contract for printing the court reports and J. L. Stephenson of Abilene received the flat paper contract. The stationery contract has not yet been awarded.

Chartered.

Austin, Texas, September 21.—The following charters were filed today: The Sewell-Hering Mill and Elevator company of McGregor; capital stock \$25,000. Incorporators: A. J. Sewell, H. N. Hering and J. C. McKelvin.

The Wilson company, to buy and sell merchandise at Dallas; capital stock \$10,000. Incorporators: J. B. Wilson, E. J. Garmon and E. W. Armstrong.

The Burned Grocery company of Sherman; capital stock \$2000. Permit to do business was granted to the Hinz Rice Milling company of New Jersey. Texas office to be at Beaumont. Capital stock, \$300,000.

M'Cormick in Command.

Austin, Texas, September 21.—The adjutant general's department issued the following order this morning:

1. Lieutenant Colonel John L. Veazy is relieved from duty as the commanding officer of the First Infantry, Texas Volunteer Guard, and as inspecting officer of that regiment until the officers elected to the position of field officers have qualified and have been commissioned.

By command of the Governor. Thomas Scully, Adjutant General.

Tax Rolls Filed.

Austin, Texas, September 21.—The following county tax rolls came in this morning:

Morris County—Total valuation, \$961,626; increase, \$29,269.

Comanche County—Total valuation, \$1,427,034; increase, \$102,144.

Tyler County—Total valuation, \$1,958,949; increase, \$77,488.

Fayette County—Total valuation, \$833,504; increase, \$18,000.

Bastrop County—Total valuation, \$9,222,272; increase, \$254,551.

Notes and Personalities.

Judge J. O. Luby of Duval county is in town today and visited the state departments.

The mayor of Honey Grove, Fannin county, states that his immediate neighbors in the vicinity of Honey Grove are furnishing employment to 500 cotton pickers.

Dr. Shropshire of San Antonio was here today in conference with the governor. The doctor has been to Galveston for the past week.

Austin, Texas, September 21.—Railroad Commissioner Maybald has returned from a trip to Sherman and there is now a quorum in the railroad commission.

Attorney Frank Andrews of Houston was here today on business connected with the relief work at Galveston.

Work on the Docks Is to Be Resumed Today.

Galveston, Texas, September 21.—G. W. Boschke announced this morning that tomorrow he would begin the work of clearing up at the Southern Pacific wharves preparatory to continuing the Huntington improvements.

Mr. Boschke has eighty-five of his men working on the construction of the new docks.

Mr. Boschke was asked how he was fixed for the material for the continuance of the Southern Pacific improvements.

"We have lots of material coming," said he. "There is a lot of lumber over on the mainland, waiting for the storm to blow it here. We will use that and we will bring it back and use it. There will be no delay on account of material."

C. H. Byers Appointed.

Galveston, Texas, September 21.—Charles H. Byers of Houston has been appointed to fill the position with the Orthen people made vacant by the death of William E. Daily.

## MISCELLANEOUS STORM NOTES.

ITEMS OF INTEREST GLEANED FROM VARIOUS SOURCES.

Inquiries and Information—Movements of People Who Were Affected by the Disaster.

Mr. S. P. Howland, agent of the Wells-Fargo Express company, says that his company went through to Galveston on the first train, leaving Houston at 9:15 yesterday. Two solid baggage cars of relief stuff for the sufferers were carried. Today the railroad company will send out regular trains and express will be carried on all of them.

J. P. McQuinn, a Galveston storm sufferer, lost his marine engineer license while en route to this city from Galveston. He wishes it mailed to him at Mobile, Ala., care of National Dredging company.

Joe Devoti and wife, who were reported on the dead list, called at the office of The Post yesterday and stated that their three little girls were lost. The oldest one was just 4 years of age.

S. S. Hutchins, who formerly resided at 3098 Avenue M, writes The Post: "I formerly resided at 248 Avenue M. I saved my wife and two babies, but the house and contents are a complete wreck, and I am now living temporarily with some friends at 240 Avenue H, during the storm."

Margaret Outberson, of whom inquiry was made in the columns of The Post, is in Austin, her present home.

Mrs. Mary Mason, of whom inquiry was made yesterday, can be found at the residence of Mr. Douglas, at Broadway, between Twenty-third and Twenty-fourth streets, Galveston.

Leiland S. Maet of Melrose, Texas, is anxious to know where C. H. Fisher is located.

Mrs. M. A. Norris wants to see her son, Ed Norris, at Montefiore Hall.

William E. Wade, with Charles Clarke & Co., called at the office of The Post yesterday. His name was in the anxious inquiry list, but he is all right. Mr. Wade has been to Corpus Christi and has nothing to do but to get home.

F. M. Thomas, 604 Chartres street, New Orleans, wishes to hear from his brother, Thos. G. Thomas, of La Marque.

O. N. Stone of Sabine Pass would like to learn the fate of Albert Dietrich and Edward Guffey, who were on the ship Sloop S. H. during the storm.

Lyman Sanders and wife, formerly reported lost, are safe in Paris, Texas.

Dr. Samuel Parker of Galveston, Texas, wishes to know the fate of H. Denny, supposed to have been in Texas City during the storm.

Harris J. Engle, 440 West Forty-second street in the list of dead yesterday should have been Mrs. Minnie Armer and children.

Any information regarding the whereabouts of Miss Beulah Bell will be appreciated by her brother, Gordon B. Bell, care Southwest Telephone and Telegraph company.

Beulah Johnson will find important mail and messages at Pythian headquarters.

THE TEXAS COTTON CROP.

Terrell, Kaufman County, Texas, September 21.—A very nice shower fell here today, much to the delight of the people, except that cotton fields will suffer.

Bryan, Brazos County, Texas, September 21.—A further, accompanied by a heavy rain, struck here at 2 o'clock today. The wind is not very high, but the rain will do great injury to open cotton.

Corrigan, Navarro County, Texas, September 21.—A heavy rain fell here last night and this morning, which will damage the cotton crop some. Worms are appearing in some of the bottom lands. About 7000 bales have been weighed here to date.

McKinney, Collin County, Texas, September 21.—The rain fell in torrents here most all day, greatly to the damage of cotton, much of which, being open ready for picking, was literally trailed from the bolls and blown into the mud. It is still raining.

Yonkum, De Witt County, Texas, September 21.—A heavy shower fell here yesterday afternoon and again this morning. Fair weather is badly needed. The cotton is

# Royal

## Baking Powder

ABSOLUTELY PURE

Strongest, purest, most economical and healthful of all leavening agents.

There are many imitation baking powders sold at a low price. They are made from alum, a corrosive acid which is poisonous in food.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

## WASHOUTS.

Galveston, Texas, September 21.—The day of last night over Northern and Western Texas was one of the worst of which there is any record. The rain at Dallas during the night amounted to three inches. The property within a radius of 100 miles from Dallas is undoubtedly lost, confined to cotton and railway interests.

Reports coming to town from various parts of Texas are of the nature of the injury to cotton and other crops. The injury to cotton is estimated at 10 per cent of the crop. The injury to other crops is estimated at 50 per cent.

Mr. Adams started from Alvin yesterday morning and got as far as Hitchcock, where he will be staying tonight.

The bridge, expecting to get over by boat, but such boats were not disabled were in use by the construction gang. He spent the night at Virginia Point and this morning at 6 o'clock the train, which had been compelled to wait until the construction train backed off the new structure, started slowly across. It took them thirty minutes to traverse the two miles and the train was in the water for some time.

The train consisted of an engine and two coaches. At 7:30 the main line train, with the same crew, started north and the regular train left for Houston at 8:00 a. m.

The first freight train left Galveston at 8 o'clock this morning over the Santa Fe in charge of Conductor Taylor with Engineer Limberman. The train consisted of an engine and two coaches.

The officers of the Santa Fe have been indefatigable in their efforts to establish train service with the outside world.

Among the men who took off their coats and jumped into the water were Mr. Adams, Mr. Taylor, Mr. Limberman, Mr. Adams, Mr. Taylor, Mr. Limberman, Mr. Adams, Mr. Taylor, Mr. Limberman.

# For Malaria, Chills and Fever

## THE BEST PRESCRIPTION IS

### Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malaria sections of the United States. No Cure, No Pay. Price, 50c.
